Friends in the Everlasting Reign of YaH, the “World Bank” is taking over all of the crumbling companies. What we are dealing with is a World takeover, a World conspiracy, a World Economy, and a World government. The nations of the world conspire against the Almighty. If this short blog interests you, you will want to keep your eyes on our *Accepting the Government of YaH* section of our site. In this section we will deal with several issues that will awaken you to the symbols and signs of the times, and inform you of how deeply we have been enslaved already. We will need to be wise, trust in YaH and keep watch. We will need to strongly pray about what is coming and what has already been foisted upon us.

Thanks for your attention and time. Now think about the symbol that is always seen behind Barak Obama, as compared to the one behind John McCain. I’m no prophet, but I understand symbols. Obama will be elected. I am asking you to watch and mark my words... the symbol behind Barak Obama says a lot. It is the symbol of the rising sun over 3 lines. The sun represents the New Age of sun worship which the New World Order is intending to rule over the world under. And this all started with Christianity/Messianic Judaism. The three lines represent the Trinity... it is that ancient Trinity which is seen throughout the ages of paganism, and was brought into Christianity and Messianic Judaism. Noomrad (Nimrod), Semiramus, Tamuz (B'bayl – Babylon). Isis, Horus, Set (M'tsrayim – Egypt). And there is a long list of pagan Trinities throughout the ages around the world. I could go into more detail of this symbol and other places it has been used. The point is, short and sweet, that the smooth-talking Barak Obama will be the face to attempt New World Order when the economy crumbles and his presidency begins. Notice I said "attempt." I don't think there will ever be such a thing because YaH will establish His own government again when the governments of this world utterly fail. That’s my thoughts for now, and time will tell whether my thoughts are accurate or not. Again, this is not prophecy, but what I can see regarding the World Bank, World government, and Barak Obama. So take a look for yourself next time you see him... the symbol of the rising sun over three lines should be there.

VOTING

The following comment in *The Record* on 9/18/08 Roman/Babylonian date is classic, and represents the reality of the whole voting situation... and it is the same in every country. “Stephane Dion is not charismatic enough to lead the country and Stephen Harper is a mini Bush, so I’m going to go for the lesser of all evils and vote for a real change.” This was written as a letter to the editor. Did you catch that? “The lesser of all evils.” That is what people are content to vote for and settle for. But is voting truly "evil?" Is the writer to the editor of *The Record* correct? Are we voting for evil when we go to the voting booths for Obama or McCain or Harper? We believe the writer is correct. We find it hard to believe that people can claim to be Scriptural believers, but yet vote and support leaders who do not enforce or believe in Scripture. We won’t rant for very long here, but everyone knows that these leaders have no intention of fulfilling all their “platform promises.” There isn’t a single leader that has ever compared to the direct

physical rulership of YaH in meeting the needs of the people. There isn't a single leader who sees the commands and laws and instructions of Scripture as necessary for government. Think about these matters and pray. That is what we have done. We no longer vote for leaders of these countries. They don't care about our Scriptures. Could you imagine if everyone in the world stopped voting and instead started protesting and demanding changes? Even better, could you imagine them creating self-sustaining communities that had no need for the worldly governments hydro, supermarkets and the rest of their corporate globalism? What message would that send to their governments?

YOUR INVOLVEMENT

Once again, we encourage our readers, visitors and friends to feel free to email us and seek to work together in this movement to share cutting-edge Scriptural truth through this our site, articles, book and video work. This is a constant work in progress.
